To Whom it May Concern,

My name is Esther Udo, and I am a PA-S2 student at York college. These past two years, I have focused my studies on the PA profession and have committed myself to studying to become a future PA-C. I will be graduating in December 2022, and I would like to be considered for a position as an Emergency Medicine PA at NYU Grossman School of Medicine.

I have completed 8 of 9 clinical rotations required by my program. These rotations include pediatrics, OB/GYN, psychiatry, LTC/Geriatrics, family medicine, ambulatory medicine, internal medicine, and emergency medicine at Metropolitan Hospital. All my rotations have contributed greatly to my learning, knowledge, and growth as a professional, however, I enjoyed my emergency medicine rotation the most.

During my emergency medicine rotation, I was able to sharpen my interviewing skills by engaging with different patients. I was challenged by preceptors to develop detailed assessments and plans for each patient I encountered. During my rotation, I had the opportunity to observe and assist in intricate procedures such as wound suturing, pelvic exams, abscess drainage, skin stapling/removal, administering injections and local anesthesia/digital blocks, venipuncture and IV access, performing EKGs, and much more. I enjoyed the opportunity to care for patients as a part of the team. Lastly, I enjoyed the overall experience of interacting with different patients and working with many knowledgeable PAs and Physicians.

As of now, I only have a 1-month long surgery rotation to be completed the first week of December. Through my academic and clinical experience as a PA-S2, I understand the dedication and clinical knowledge needed to function as a certified PA. My time rotating as a PA-S2 has been impactful, I would like to be a part of the emergency medicine team at NYU Grossman School of Medicine. I welcome the opportunity to discuss with you my qualifications and career possibilities. Thank you for your consideration. I look forward to hearing from you. Please find my resume attached.

Sincerely, Esther Udo.
